

INTERNATIONAL DAY FOR PEOPLE WITH A DISABILITY

There is no better time than International Day for People with a Disability (IDPwD) to share the amazing stories of success and achievement made by people connected with Mobo Group through their various forms of inclusive employment.

At Mobo Group we are passionate about why we exist, as outlined in our Purpose statement:

“We enable people to be the best they can be.”

Underpinning our Purpose are our ICARE Values which guide every decision and action we take, we proudly strive to create More Opportunities and Better Outcomes for everyone that Mobo Group connects with.

We invite you to click on the video links below to watch and learn more about the impact of Mobo Group and the people who achieve to become better every day.
