Packaging & Product Solutions

We provide commercial customers with high quality, cost effective packaging and product solutions. This activity fulfils our purpose to create employment opportunities to people living with disability, enabling them to be the best they can be.

Our operations have the flexibility to process and deliver on both high-volume or short run packaging and process projects.

Equipped with modern plant and equipment, our operational capability includes packaging of food products in HACCP accredited facilities where strict quality controls are maintained.

The discipline of quality management extends to all aspects of our packaging and product solutions offered across multiple site locations.

Our services include:

- Automated vertical form fill seal machines
- Bottling and labelling
- Box packaging and sealing
- Conference packs
- Customised business solutions
- Date stamping
- Filling of flexible and rigid packaging
- Food packaging
- Hand labelling, re-labelling and over labelling
- Heat and vacuum sealing
- Inkjet printing
- Liquid and powder decanting
- Liquid fill
- Mail outs
- Metal detection
- Non-sterile pharmaceutical packaging
- Palletisation and pallet wrapping
- Product assembly and packaging
- Repackaging
- Shrink and bubble wrapping
- Shrink-wrapping hamper and gift basket
- Twin head linear weighers
