

Keeping Mobo Safe

Physical Distancing Changed

The new rules are to ensure there is 2 square metres of space per person for enclosed space. Determine the size of your room (length multiplied by width) and divide by 2. This will provide the maximum number of people permitted in the space at any one time.

When outdoors we should continue to maintain a 1 metre distance from customers or people we don't associated with most days.

Other requirements remain in place!

Hygiene requirements:

- wash hands often
- wipe frequently used surfaces
- cover coughs and sneezes
- empty rubbish bins regularly

If you have a cold or flu symptoms, do not attend work until you are well, and seek a COVID test. Consider downloading the COVIDSafe app to keep you and your family safe.

Mobo Group will continue to enforce all current government and health department guidelines.
